 You are going to make predictions about your book. A prediction is a good guess about what will happen. Look through the chapter of your book before you read it with your family, and draw two columns on the back of this paper. On the left side of the page, write the heading Predictions. Before you read the chapter, write what you think will happen in the chapter(s) in the Predictions column. On the right side of the page, write the heading Reactions. After you finish reading the chapter(s), write what actually happened in the chapter(s) and what you thought of it in the Reactions column. How did making predictions help you understand the chapter(s) better?
